Silestone® Authentic Life

"I love architecture and fashion, but the authentic things are in the houses we live in. In the clothes real people wear. That's what I tell people on my blog. That is Authentic life." Mazarina Gea (blogger and Architect)

SUEDE

Silestone® Reinvents the Texture of your Worktop with Suede

The new extra-matt finish of Silestone® enhances worksurfaces thanks to its so velvety texture which is both pleasing to the eye, and hand!

Suede is a new Silestone® sensation that offers something for all our senses due to its revolutionary texture, never before seen in quartz surfaces.

Suede is launched, introducing a more intense colour and an even greater performance against stains and fingerprints. Suede is launched from an exclusive development process that makes it a superior technological product.

Suede is launched in more than 40 Silestone® colours*.

nebulaCODE

Nebula Code is a new technological discovery by Cosentino that features unique patterns, harmonies and unparalleled movements in a quartz surface to create uniquely original slabs. Each vein is different. Each slab is different.

The Nebula Code series represents the beauty of irregularity, the randomness of nature applied to a product manufactured with the guarantee of Silestone in terms of hardness, resistance to impact, and scratching, bacteriostatic protection and extremely low absorption.

Strength

After diamond and ruby, quartz is the hardest mineral known to man. This makes our products long-lasting and highly resistant to external aggressions.

Formats

We manufacture 3 thicknesses – 1.2cm, 2cm and 3cm – and two slab formats – 304x138cm (Standard) and 325x159 – (Jumbo in limited colours). This enables us to offer larger sizes than anyone else with fewer joints.

Colours and Textures

With more than 60 colours and three textures to combine: polished, matt or rough - the possibilities are endless. From the most modern designs to the most traditional, any idea can be brought to life.

After-Sales Service

We place special emphasis on our after-sales service, as it is the most honest and effective means of providing greater added-value to our products. Our users can understand why the leader is always the first to evolve.

Bacteriostatic

This property ensures that bacteria do not proliferate on the entire surface including edges and grooves, providing active protection for the material in any of its applications. It is based on the use of latest generation silver.

Distribution

Reaching the entire world is becoming a reality. This is due to the huge manufacturing capacity of Cosentino, with 11 manufacturing lines and its network of Centers and distributors all over the world.

Guarantees

Cosentino offers customers a 15-year warranty for Silestone kitchen worktops, as well as the ISO9001, ISO14001, NSF, LGA, Greenguard and Greenguard for Children & Schools certifications.

Sustainability

We are firmly committed to forging a better world through sustainable architecture and construction by providing high value products that improve energy efficiency without compromising the beauty of design.

Variety

Our team of expert "quartz hunters" travel the world to find and choose different quartz varieties for the constant development of new lines to match the latest in interior design trends.

Brand

Everyone wants to be called Silestone to take advantage of our efforts and market leadership. But there is only one brand, the authentic and original Silestone by Cosentino.

The Secure Brand

The unique brand that gives you a certified warranty.

Only the world's leading quartz surface manufacturer, one who offers unique anti-bacterial protection as standard, could exceed itself once again by providing a fifteen year warranty* for all Silestone® quartz surfaces. Demand a genuine Silestone® worktop.

* 15 Year warranty through Gold & Silver approved Fabricators only. for Terms & Conditions see www.silestone.com/oceania
